Code of Conduct (BP#7310)

Adopted by the GMU Board of Education on August 21, 2024

I. Introduction

Consistent with our mission statement, the Board of Education is committed to providing a safe and orderly school environment where students may receive, and district personnel may deliver, quality educational services without disruption or interference. Responsible and respectful behavior by students, teachers, other district personnel, parents or persons in parental relations, and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity. The board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the board adopts this code of conduct ("code").

Unless otherwise indicated, this code applies to all students, school personnel, parents or persons in parental relations, and other visitors when on school property or attending a school function.

II. Definitions

For purposes of this code, the following definitions apply:

“Bullying” and “Harassment” means the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably or substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-

being; or conduct, verbal threats, intimidation, or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety.

Bullying is a form of harassment that consists of inappropriate and often persistent behavior including threats or intimidation of others, treating others cruelly, terrorizing, coercing, or habitual put-downs and or badgering of others. Bullying occurs when someone purposely says or does mean or hurtful things to another person who has a hard time defending oneself or is in an otherwise vulnerable position.

“Cyber-bullying” refers to any harassment/bullying, on or off school property, which occurs via the internet, cell phones or other electronic devices.

“Disability” means (a) a physical, mental or medical impairment resulting from anatomical, physiological, genetic or neurological conditions which prevents the exercise of a normal bodily function or is demonstrable by medically accepted clinical or laboratory diagnostic techniques or (b) a record of such an impairment or (c) a condition regarded by others as such an impairment, provided, however, that in all provisions of this article dealing with employment, the term must be limited to disabilities which, upon the provision of reasonable accommodations, do not prevent the complainant from performing in a reasonable manner the activities involved in the job or occupation sought or held (Education Law §11[4] and Executive Law §292[21]).

“Disruptive student” means any student who substantially interferes with the educational process or the teacher's authority over the classroom.

“Employee” means any person receiving compensation from a school district or employee of a contracted service provider or worker placed within the school under a public assistance employment program, pursuant to title nine-B of article five of the Social Services Law, and consistent with the provisions of such title for the provision of services to such district, its students or employees, directly or through contract, whereby such services performed by such persons involve direct student contact (Education Law §§11[4] and 1125[3]).

“Gender” means actual or perceived sex and shall include a person’s gender identity or expression (Education Law §11[6]).

“Emotional Harm” that takes place in the context of harassment or bullying shall be defined as harm to a student’s emotional well-being through creation of a hostile school environment that is so severe or pervasive as to unreasonably and substantially interfere with a student’s education. Such conduct shall include, but is not limited to, acts based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.

“Hazing” is a form of harassment which involves committing an act against a student or coercing a student into committing an act that creates a risk of or causes emotional, physical, psychological harm to a person, in order for the student to be initiated or affiliated with a student or other organization, or for any other purpose. Consent or acquiescence is no defense to hazing: i.e., the implied or expressed consent of a person or persons to hazing shall not be a defense to discipline under this policy.

“Parent” means parent, guardian or person in parental relation to a student.

“School Bus” means every motor vehicle owned by a public or governmental agency or private school and operated for the transportation of pupils, children of pupils, teachers and other persons acting in a supervisory capacity, to or from school or school activities, or, privately owned and operated for compensation for the transportation of pupils, children of pupils, teachers and other persons acting in a supervisory capacity to or from school or school activities (Education Law §11[1] and Vehicle and Traffic Law §142).

“School property” means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of the school, or in or on a school bus.

“School function” means any school sponsored extracurricular event or activity.

“Sexting” refers to an act of sending sexually explicit photos, images, text messages, or e-mails by using a cell phone or other electronic device.

“Sexual orientation” means actual or perceived heterosexuality, homosexuality or bisexuality (Education Law §11[5]).

“Weapon” means a firearm as defined in 18 USC §921 for purposes of the Gun-Free Schools Act. It also means any other gun, BB gun, pistol, revolver, shotgun, rifle, machine gun, disguised gun, dagger, dirk, razor, stiletto, switchblade knife, gravity knife, brass knuckles, slingshot, metal knuckle knife, box cutter, cane sword, electronic dart gun, Kung Fu star, electronic stun gun, pepper spray or other noxious spray, explosive or incendiary bomb, or other device, instrument, material or substance that can cause physical injury or death when used to cause physical injury or death.

III. Bill of Rights and Responsibility of Students

- Seek help in solving problems that might lead to discipline.
- Dress appropriately for school and school functions.

- Students must recognize that younger students look up to them and follow their leadership. Therefore, they should hold themselves to the highest standards of conduct.

IV. Essential Partners

It is expected that parents or persons in parental relation, Board of Education members, teachers and administrators will work together to educate the children of GMU as a collaborative responsibility.

All parents or parental relations are expected to:

- Recognize the importance of their child(ren)'s education and to send them to school regularly, on time and ready to learn.
- Instill in their children a supportive attitude towards the programs and rules of the school and promote positive relationships with others.
- Maintain open communication between the home and school.

- Promote a safe, orderly and stimulating school environment, supporting active teaching and learning.

All members of the Board of Education are expected to:

- Collaborate with student, teacher, administrator, and parent organizations, school safety personnel and other school personnel to develop a code of conduct that clearly defines expectations for the conduct of students, district personnel and visitors on school property and at school functions.
- Adopt and review at least annually the district's code of conduct to evaluate the code's effectiveness and the fairness and consistency of its implementation.
- Lead by example by conducting board meetings in a professional, respectful, courteous manner.

V. Student Dress Code

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Our guiding principles for the student dress code are similar to those experienced and expected in the workplace; attire that furthers the health and safety of students and staff, enables the educational process, and facilitates the operations of the school. Students and their parents have the primary responsibility for acceptable student dress and appearance. Parents, teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

The following guidelines will address student appearance within the school and at any school related function:

- A student's appearance shall be safe, appropriate and not disrupt or interfere with the educational process.
- Breasts, genitals, and buttocks must be covered with opaque (non-see-through) fabric.
 - To be more specific, clothing that reveals too much cleavage is unacceptable.

- Ensure that underwear is covered with outer clothing.
- Exclude “weapon jewelry”, spikes, chains that hang from belts or pockets, or other such things worn on the body that could injure oneself or others.
- Footwear must be worn at all times. Some footwear (such as sandals or flip-flops) can be a safety hazard in some courses which may have specific requirements for footwear.
- Headwear is allowed to be worn throughout the school building, but may be required to remove at teacher discretion. At no time are hoods allowed to be worn.
- Items that depict profanity, vulgarity, obscenity, and libel or negatively refer to others on account of race, color, religion, creed, national origin, gender, sexual orientation, disability or other protected rights are not allowed.
- Appearance or dress should not promote and/or endorse the use of alcohol, tobacco or illegal drugs, the use of controlled substances, is of a sexual nature, depicts violence, is racist or harassing based on cultural or ethnic differences and/or endorse illegal or violent activities.
- Exceptions to the coverage requirement of the dress code policy may be given to athletes that are participating in athletic events. This will be at the discretion of the athletic department and school administration.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item and if necessary will replace it with an acceptable item. Any student who refuses to do so shall be subject to disciplinary action. Parents will be informed of and will be asked to review the policy for any students with repeat infractions.

Anything not covered in the dress code is at the discretion of a school administrator.

VI. Prohibited Student and Employee Conduct

The Board of Education recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students and employees who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that harassment, hazing, bullying, and cyber-bullying is detrimental to student learning and achievement. It interferes with the mission of the district to educate our students and disrupts the operation of our schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts. To this end, the Board condemns and strictly prohibits all forms of harassment, hazing, bullying and

cyber-bullying on school grounds, school buses, and at all school-sponsored activities, programs, and events including those that take place at a location outside the district that materially and substantially disrupt the educational process of the school environment or impinge on the rights of others.

Students may be subject to disciplinary action, up to and including suspension from school, when they:

- A. Engage in conduct that is disorderly or disruptive. Some examples of disorderly/disruptive conduct:
 - Using language or gestures that are profane, lewd, vulgar or abusive.
 - Engaging in any willful act which disrupts the normal operation of the school community.
 - Computer/electronic communications misuse, including any unauthorized use of computers, software, or internet/intranet account; accessing inappropriate websites; or any other violation of the district's acceptable use policy.
 - Failing to comply with the reasonable directions of teachers, school administrators or other school personnel in charge of students.
 - Engage in cyber-bullying behaviors.

- C. Engage in conduct that is violent. Some examples of violent conduct are:
 - Committing an act of violence (such as hitting, kicking, punching, and scratching) upon themselves, a student, teacher, administrator, other school employee or any other person lawfully on school property or attempting to do so.

- The use, possession, sale or gift of tobacco products, any drug or controlled substance, including marijuana or any instruments for the use of such drugs, controlled substance or marijuana such as a pipe (including e-cigarettes and other inhalation devices), syringe or other paraphernalia, while on school property or at a school function or school sponsored function or on a bus going to or from a school function or school sponsored function is strictly prohibited. An exception is any drug taken in accordance with a current prescription signed by a physician that is to be taken by the particular student at the time in question and administered through the Health Office.
- Off-campus misconduct that endangers the health and safety of students and/or staff within the school or can reasonably be forecast to substantially disrupt the educational process. Examples of such misconduct include, but are not limited to:
- Cyber-bullying (i.e., inflicting willful and repeated harm through the use of electronic text).
- Threatening or harassing students or school personnel over phone or other electronic medium.

VII. Reporting Violations

All students are expected to promptly report violations of the code of conduct to a teacher, Student Support Services Office, the building principal or his or her designee especially when observing a student possessing a weapon, alcohol, or illegal substance on school property or at a school function.

Bullying, discrimination of protected classes, hazing, sexting, cyberbullying, harassment, and/or intimidation violations must be reported to any school personnel member. They will also be reported to the Dignity Act Coordinator so that incidents can be addressed and recorded for the monitoring of school-wide trends. Students and staff may report violations to the following individuals: School Counselors and DASA Coordinators Lisa Ruland and Abbey Beaver.

Retaliation against any individual who, in good faith, reports or assists in the investigation of harassment, bullying and/or discrimination is strictly prohibited.

At least one employee in every school shall be designated as a Dignity Act Coordinator and instructed in the provisions of this subdivision and thoroughly trained in methods to respond to human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex.

1. The designation of each Dignity Act Coordinator shall be approved by the Gilbertsville-Mount Upton Central School District Board of Education.

2. The name(s) and contact information for the Dignity Act Coordinator(s) shall be shared with all school personnel, students, and persons in parental relation, which shall include, but is not limited to, providing the name, designated school and contact information of each Dignity Act Coordinator by:

- a. Listing such information in the code of conduct and updates posted on the website of the Gilbertsville-Mount Upton Central School District.
- b. Including such information in the plain language summary of the code of conduct provided to all persons in parental relation to students before the beginning of each school year, pursuant to 8 NYCRR 100.2(I)(2)(iii)(b)(3).
- c. Include such information in at least one district or school mailing per school year to parents and persons of parental relation and, if such information changes, in at least one subsequent district or school mailing as soon as practicable thereafter.

- d. Posting such information in highly visible areas of school buildings; and
- e. Making such information available at the district and school-level administrative offices.

3. In the event a Dignity Act Coordinator vacates his or her position, another school employee shall be immediately designated for an interim appointment as Coordinator, pending approval of a successor Coordinator by the applicable governing body as set forth in subparagraph (i) of this paragraph within 30 days of the date the position was vacated. In the event a Coordinator is unable to perform the duties of his or her position for an extended period of time, another school employee shall be immediately designated for an interim appointment as Coordinator, pending return of the previous Coordinator to his or her duties as Coordinator.

The building principal or his or her designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but in no event later than the close of business the day the principal or his or her designee learns of the violation. The notification may be made by telephone, followed by a letter mailed or faxed on the same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the code of conduct and constituted a crime.

VIII. Disciplinary Penalties

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- The student's age.
- The nature of the offense and the circumstances which led to the offense.
- The student's prior disciplinary record.
- The effectiveness of other forms of discipline.
- Information from parents, teachers and/or others, as appropriate.
- Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

Students who violate the student dress code shall be required to modify their appearance by covering or removing the offending item and, if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to additional discipline.

Discipline and Remedial Consequences

Minimum Periods of Suspension:

Any student found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The superintendent has the authority to modify the one-year suspension on a case by case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

1. The student's age
2. The student's grade in school
3. The student's prior disciplinary record
4. The superintendent's belief that other forms of discipline may be more effective
5. Input from parents, teachers and/or others
6. Other extenuating circumstances.

Students who commit violent acts other than bringing a weapon to school shall be subject to suspension from school for one to five days. The superintendent has the authority to modify the minimum suspension on a case-by- case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

Any student who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for one to five days. The superintendent has the authority to modify the minimum suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

IX. Discipline of Students with Disabilities

To address disruptive or problem behavior, the board recognizes that students with disabilities have certain legal protections whenever school authorities intend to impose discipline upon them. The board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with applicable laws and regulations.

X. Student Searches

The Board authorizes the superintendent, principal and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence the student violated the law or the district code of conduct.

- Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them.
 - This means that student lockers, desks, computer files and email, and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

XI. Visitors to the Schools

The Board encourages parents and others to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The Principal or his or her designee is responsible for all persons in the building and on the grounds.

For these reasons, the following rules apply to visitors to the schools:

- Anyone who is not a regular staff member or student of the school will be considered a visitor.
- All visitors to the school must enter through the main entrance and sign in at the front desk upon arrival. Visitors will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. Visitors will sign out at the front desk at the time of their departure.
- Visitors attending school functions that are open to the public, such as musical performances or other large public gatherings, are not required to register.
- Visitors who wish to observe a classroom while school is in session are required to arrange such visits in advance with the building principal so that class disruption is kept to a minimum.
- Teachers are expected not to take class time to discuss individual matters with visitors.
- Any unauthorized person on school property will be reported to the principal or his or her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
- All visitors are expected to abide by the rules for public conduct on school property contained in this code of conduct.

XII. Public Conduct on School Property

For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers, and district personnel. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose for which they are on school property.

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.
3. Disrupt the orderly conduct of classes, school programs or other school activities.

5. Intimidate, harass or discriminate against any person on the basis of real or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender and sex.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this code applies.
8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute, exchange or be under the influence of alcoholic beverages or controlled substances on school property or at a school function including synthetic cannabinoid products such as but not limited to incense herbal mixture potpourri as well as an device designed for inhalation purposes (i.e. e-cigarette).
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.

11. Loiter on or about school property.
12. Gamble on school property or at school functions.
13. Refuse to comply with any reasonable order of school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.

Penalties

Persons who violate this code shall be subject to the following penalties:

Their authorization, if any, to remain on school grounds or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.

If necessary, local law enforcement authorities will be contacted to assist in removing the person.

C. Reporting Absences

1. Attendance is a student-parent/guardian responsibility. The progress of a student depends upon the punctuality and regularity of attendance. It is the responsibility of the parent/guardian to notify the school Attendance Clerk between 8:00 - 9:00 a.m. when a child will not be in school/class. The school will contact the parent/guardian through ParentSquare messaging if a student is absent and we have not heard from the parent/guardian. It is important to understand that the primary purpose for messaging is to confirm that the parent/guardian has been notified that their child is not in school. The ParentSquare message alone does not mean the student will receive an excused absence. In order for the absence to be considered excused, it needs to meet one of the criteria listed under the heading "Examples of Excused Absence."

2. A student who is not in school and whose parent/guardian expects them to be in school is considered truant.

3. A student under the compulsory age of attendance who is absent from school with parent/guardian approval but is not absent for a legal/excused reason, is considered truant. Disciplinary responses and notification of the authorities will occur if a student is habitually absent for illegal reasons despite the approval of a parent/guardian.

4. If a student must leave school during the school day because of sudden illness or any other reason, the student must report first to the Health Office. The school nurse will determine the necessary steps. The school nurse is authorized to release a student through the verbal directive of a parent in an emergency situation.

D. Attendance Procedures

Students are expected to be in class no later than 8:00 a.m. Please note: Students should not be dropped off at school before 7:50 a.m. as doors are not unlocked until then. Students arriving early are not allowed to sit in the halls due to fire and safety regulations.

1. Students arriving at school after 8:00 a.m. will be marked tardy and must report to the Attendance Clerk. A student who arrives late must bring a written note signed by the parent/guardian upon arrival at school. The note must be submitted to the Attendance Office when the student signs in.

2. Excessive tardiness will result in disciplinary action. Regardless of tardies, students who are late are expected to bring a note of explanation. Failure to do so will result in their being referred to the principal.

a. 1st-2nd unexcused tardies - Note required for these and all subsequent tardies.

b. 3rd unexcused tardy – Lunch detention issued by administration.

c. 4th – 6th unexcused tardies – One (1) lunch detention assigned for each tardy (i.e. one for the 4th tardy, one for the 5th tardy, and one for the 6th tardy) and parent/guardian will be notified.

d. 7th -10th unexcused tardies – After school detention for each tardy, parent/guardian will be notified

e. 11 or more unexcused tardies – In-school suspension assigned, parent/guardian contacted by administrator. One or more of the following may also occur:

i. Loss of driving privileges

ii. Loss of senior privileges

iii. Loss of unstructured time or extra-/co-curricular activities.

f. Failure to sign in immediately at the Attendance Office when arriving late to school may result in detention(s).

g. In the case of unique or extenuating circumstances or chronic tardiness, administrators may use their discretion in determining appropriate consequences for students being late to school.

E. Strategies to Achieve Objectives:

1. At the high school level, attendance will be taken and sent electronically to the main office during homeroom. Attendance will be taken at the start of each period and any discrepancy between the homeroom attendance and class attendance will be forwarded to the main office promptly.

2. A record of student absences and attendance for each class will be kept by individual teachers electronically in SchoolTool.

3. Students will be required to report to class for attendance before being allowed to sign out to any other places in the building.

4. In grades 7-12 the teacher will send notices home to inform parents/guardians if any student exceeds 10% lack of attendance in any course. Copies of all notices will go to the principal and be kept in the student's permanent record file.

F. Strategies/Incentives to encourage student attendance (MS/HS):

1. Minimum Attendance for Course Credit (7-12)

- a. According to the state policy, anything in excess of 10% absenteeism is considered chronic absenteeism. A student must be noted as present at 90% of a course's scheduled classes in order to earn credit for the course.
- b. Excused absences do not count against students in meeting attendance requirements.
 - i. Excused absences require the student to make up work or class information and assignments.
 - ii. Excused absences include but are not limited to band/music lessons and approved co-curricular activities (i.e. sports, mock trial, NYSSMA, drama productions). Whether an absence is considered excused or unexcused will be determined by the building principal.
- c. For purposes of being marked present, a student must be in a class for at least 50% of the class period.
 - i. Students of compulsory attendance age suspended from school instruction may not be marked absent unless they fail to attend scheduled alternative education that day.
 - ii. Students over the compulsory attendance age suspended from school instruction will be marked absent unless they have been assigned alternative education. If alternative education has been assigned, only failure to attend scheduled alternative education shall count as an absence.

2. Class Attendance Procedures

- a. Any student who is tardy to class must obtain a pass from the previous teacher stating either the reason for tardiness, or that the student was excused from class on time.
- b. Any student who has cut a class will receive no credit for any class work from that class (test, quiz, homework assignments due, written reports, term paper, oral presentation, speech, projects, etc.). Students may be subjected to progressive disciplinary consequences.
- c. Any student who is in violation of the district's 90% minimum attendance policy may not receive credit for the course.

In order to prevent a loss of credit for failing to attend, the district will take the following preventative steps:

1. When a student is approaching the limit of absences, the district shall notify the parents/guardians according to the following chart:

Course Length	Maximum Quarterly Absences	Parent Contacted by Teacher	Warning Letter Guidance/CST Referral	Total Loss of Course Credit
40 weeks	18	9	12	Absences

30 weeks	13	6	9	exceeding 10% of total class time.
20 weeks	9	4	6	
10 weeks	4	2	3	

2. When a student is in jeopardy of losing credit for excessive absences and prior contact has been made by the teacher, the Building Principal or their designee shall be responsible for reviewing attendance records, determining eligibility for make-up work for excused absences, and arranging student make-up opportunities with teachers, including deadlines for submission of work.

3. Notice of Absences: Where a pupil has not been marked as present for the first period of scheduled instruction and the school has not been previously notified of an absence, the district shall attempt to contact the pupil's parents/guardians to obtain the nature of the absence. A follow-up notification will be sent via ParentSquare.

4. Disciplinary Procedures: The student may also be subject to disciplinary procedures for unexcused absences, tardiness, or early departures, up to and including verbal and written warnings, detentions, in-school suspensions, and loss of extra-curricular privileges, as described in the Code of Conduct.

5. Counseling: The District shall provide appropriate counseling to students with chronic attendance problems. The student may also be referred to CST for intervention.

G. BOCES Career and Technical Education

The high school offers complete career & technical programs at DCMO BOCES. All school rules and regulations also apply at BOCES. Students who exceed the number of absences allowed under Gilbertsville Mount Upton Central School attendance policy in either their regular school classes or in their BOCES program will jeopardize their ability to participate in the BOCES occupational program. Attendance will be monitored closely and evaluated every 10 weeks following the report card schedule.

Lateness/Tardiness and Leaving Early

Students arriving late to school must have a note from a parent/guardian to be considered excused. Students without a note will be considered unexcused.

The only acceptable reasons for being late to school are illness, a scheduled health related appointment, required court appearances, or an extreme emergency.

The following are expectations regarding student lateness and leaving early:

- Excessive tardiness may require written verification from a physician, health care provider, dentist, social service agency, court, or college.
 - In absence of such written official verification, student lateness may be considered unexcused.
- Families are encouraged to schedule any appointments outside of the school day so students do not miss instructional time.
- Parents/Guardians who allow children to be excessively tardy without a verifiable explanation can be charged with educational neglect.
- Students should not be dropped off to school prior to 7:50 AM as doors are not unlocked until then. Students arriving early are not allowed to sit in the halls due to fire and safety regulations. The cafeteria will be opened for students who wish to complete work before school officially starts.
- Students are expected to be in class no later than 8:00 AM. Students who arrive at school anytime during the school day after 8:00 AM must sign in immediately with the Attendance Clerk.
 - A student who arrives late must bring a written note signed by the parent/guardian upon arrival to school. The note must be submitted to the Attendance Office when the student signs in.
- Excessive tardiness will result in disciplinary action. Students who are late and do not bring a note will be given one day to bring in a note. Failure to do so will result in their being referred to the Principal.
- If a student must leave school during the school day because of sudden illness or any other reason he/she must report first to the Health Office. The school nurse will determine the necessary steps. The school nurse is authorized to release a student through the verbal directive of a parent in an emergency situation.
- Persons arriving to pick up students for specific appointments must enter through the main entrance and notify the Attendance Clerk at the front desk.

- The Attendance Clerk will notify the teacher, and the student will be sent for dismissal.
- No student will be released from school without a signed parent/guardian request.
- In the event a parent/guardian directs release of a student to a person other than those listed on the Student Information Sheet, the Attendance Clerk must verify the request (by phone) prior to releasing the student.
- Parent notes submitted for any attendance issue must include:
 - The date of the absence, late arrival, or early dismissal
 - The specific reason for the absence
 - The signature of the parent/guardian
- Health and Extracurricular Activities:
 - If a student participates in school related extracurricular activities, they must be healthy and in attendance for a minimum of a half-day of school in order to participate in the after school activity.
 - If a student has an appointment and must leave for part of the day, then they may participate in the after school activity.
 - If a student comes to school, becomes ill and is sent home by the school nurse, they may NOT return for the after-school activity.
 - Any incident that involves less than a full day of school for a student on a day that there is an extra-curricular school related activity attendance must be pre-approved by the Principal.
- Students leaving the building for any reason must sign out with the Attendance Clerk in the presence of the adult who is dropping off/picking the student up.
- A student that needs to be released from school early must bring a written note signed by his/her parent/guardian to the Attendance Clerk.

Classroom Discipline

- Each teacher will display and use a discipline plan.
- Each plan will be posted and taught to students.
- Teachers will systematically teach and consistently and fairly enforce the plan.

Students who have made poor behavioral decisions may be assigned lunch detention by an administrator. The following rules must be adhered to:

- Students must bring sufficient work, academic study material, or assigned reading.
- Students are not allowed to doodle, play games, talk, etc.
- Students must sit in assigned seats.
- Students reporting late or failing to report for an assigned detention will face further, more progressive disciplinary action.

In-School Suspension (ISS) Procedures/Expectations

- Students assigned in-school suspension must bring all books and materials and report to the room at the appointed time. In-school suspension is not available every day.
- Students who have a pending in-school suspension assignment are not to break the Student Code of Conduct and receive another referral prior to serving the suspension.
- If the pupil receives another referral during that period, he/she may receive an out-of-school suspension. Rules for in-school suspension are based on the expectation that the room is designed for students who have to accept responsibility for their actions without falling behind on schoolwork.
- Students must:
 - Come prepared to work- no sleeping.
 - Work productively for the full assigned period.
 - Sit in the seat assigned by the monitor.
 - Refrain from eating or drinking, except for lunch.
 - Complete any work assigned by the monitor.
 - Personal devices are prohibited.

Instruction Upon Out-of-School Suspension (OSS)

- While serving out-of-school suspension, a student may not come on to school grounds either during school hours or for any after school activity that occurs on or off school grounds. The only exception to this would be based on assigned, on-campus tutoring times as determined by the Principal. Students may not participate in any extra-curricular activities on the day or days on which they are assigned any out-of-school suspension.

Public Displays of Affection

- Personal or intimate actions other than hand holding prove distracting to both the participants and those sharing the building with them. Such public displays of affection are not permitted under the Code of Conduct. Students are asked to use good judgment and avoid the embarrassment that may be involved when a teacher, administrator, or other school employee has to speak to you

about your behavior. Parents of repeat offenders will be called and the Principal will take appropriate disciplinary action.

Sexual Harassment/Discrimination of Students

- The following unwelcome behaviors can constitute sexual harassment:
 - Unwelcome verbal conduct
 - Sexual advances or propositions
 - Jokes of a sexual nature
 - Demands of a sexual nature
 - Unwelcome physical conduct
 - Verbal threats of a sexual nature
 - Sexual innuendos or suggestive comments or telephone calls
 - Sexually degrading words to describe an individual or an individual's body
 - Whistling or obscene gestures of a sexual nature
- It is the policy of the Gilbertsville-Mount Upton Central School District that all members of its school community have a right to work, learn, or visit in a harassment-free environment. In the Gilbertsville - Mount Upton Central School District, sexual harassment in any form is unacceptable and will not be tolerated. The District will take all necessary steps to ensure that the District shall be free from sexual harassment.
- District Responsibility:
 - The district shall take steps to prevent sexual harassment from occurring, such as affirmatively raising the subject, expressing strong disapproval, developing appropriate sanctions, informing students and employees of their rights to raise and how to raise issues of sexual harassment under Title VI and Title IX, and developing methods to educate and sensitize the school community.
 - Complaint Procedure
 - If you believe you have been sexually harassed by a student or staff member, the first step is to make a report to the Building Principal. The building principal may refer the report to the School Sexual Harassment Officer.
 - Reprisals
 - The District will follow-up with the complainant to ensure that there is no harassment or retaliation following the investigation.
 - Any individual who retaliates against any person who reports alleged sexual harassment or who retaliates against a person who testifies, assists or participates in an investigation, proceeding or hearing relating to sexual harassment complaint may become the subject of disciplinary action. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Sign-In/Out Procedure

The staff at the Gilbertsville-Mount Upton Central School takes the safety of the students seriously. The student entry and dismissal procedures below are strictly enforced.

Parents provide a list of individuals to whom district personnel are authorized to release a student. This is done each year on the Student Information Form. No student may be released to the custody of any individual who is not the parent or guardian of the student unless the individual's name appears on the Student Information Form filled out by the parent.

A student will be released directly to either parent at any time the parent requests the release of a student. Certified copies of court orders documenting specific custody limitations must be provided to the district if access to the student by the non-custodial parent has been restricted. District personnel will not be able to refuse access to a student without proper documentation.

Someone seeking the release of a student from school must report to the school Attendance Clerk and present satisfactory identification. If any questions arise regarding release of a student, the Principal or

Superintendent will be contacted before the student is released.

If your child has an appointment that he/she will be driving to, parents must send a written release, which includes a phone number where parents may be contacted for verification.

The person seeking the student's release must sign in and out at the front desk at the main entrance. Unannounced visits to classrooms prior to the start of the school day or during the school day to speak with staff cannot be accommodated as such visits interfere with instruction and planned meetings or activities. Minor interruptions can have a major impact on instruction. Staff will gladly schedule a meeting with you during their prep time or after school.

Items such as lunch, snacks, homework, sneakers, musical instruments, etc. may be brought to the front desk. We will see that your child receives forgotten items. Please label these items.

Emergency Release

In the event of an emergency, the Principal or Superintendent may release a student to an individual not appearing on the approved list. This will be done **only** if the parent has been notified and has approved the release and the Principal or Superintendent determines that an emergency does exist.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Gilbertsville-Mount Upton Central School District, with certain expectations, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records.

However, Gilbertsville-Mount Upton may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures.

- The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications.
 - Examples include:
 - a playbill, showing your student's role in a drama production
 - the annual yearbook
 - honor roll or other recognition lists
 - graduation programs
 - sports activity sheets, such as for wrestling, showing weight and heights of team members
- Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent.
 - Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.
- In addition, New York State Education Law 2-a and two federal laws require the School District receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with student names, addresses and telephone listings – unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent.
 - New York State Education Law 2-a also permits disclosure.
 - If you do not want Gilbertsville-Mount Upton to disclose some or all directory information from your child's education records without your prior written consent, you must notify the District in writing within two weeks of your child(ren) starting school.
 - Gilbertsville-Mount Upton has designated the following information as directory information, which it may, but does not have to, include:
 - Student's name, address and telephone listing
 - Email address
 - Photograph
 - Date and place of birth

- Dates of attendance
- Grade level
- The most recent educational agency or institution attended
- Degrees, honors and awards received
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

Model Notification of Rights under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams.

These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education:

 - Critical appraisals of others with whom respondents have close family relationships
 - Legally recognized privileged relationships, such as with lawyers, doctors, or ministers
 - Religious practices, affiliations, or beliefs of the student or parents
 - Income, other than as required by law to determine program eligibility
- Receive notice and an opportunity to opt a student out of
 - Any other protected information survey, regardless of funding
 - Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law
 - Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others
- Inspect, upon request and before administration or use
 - Protected information surveys of students;
 - Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - Instructional material used as part of the educational curriculum.
- A parent who wishes to inspect and review instructional material shall submit a request in writing to the building principal.
 - Upon receipt of such a request, arrangements will be made by the building principal to provide the parent access to instructional materials requested within 30 calendar days after the request has been received by the principal.
 - These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Bullying Prevention Plan - The Dignity for All Students Act (DASA)

The school learning environment provides an opportunity for both students and staff to gain an appreciation in a key district value: the importance of respect and working positively with others. The District recognizes that by requiring the implementation of an anti-bullying program, through both direct student instruction and professional development for staff, both students and staff will learn key elements about bullying prevention: the warning signs of bullying and everyone’s responsibility to take an active role in preventing bullying before overt acts of bullying happen.

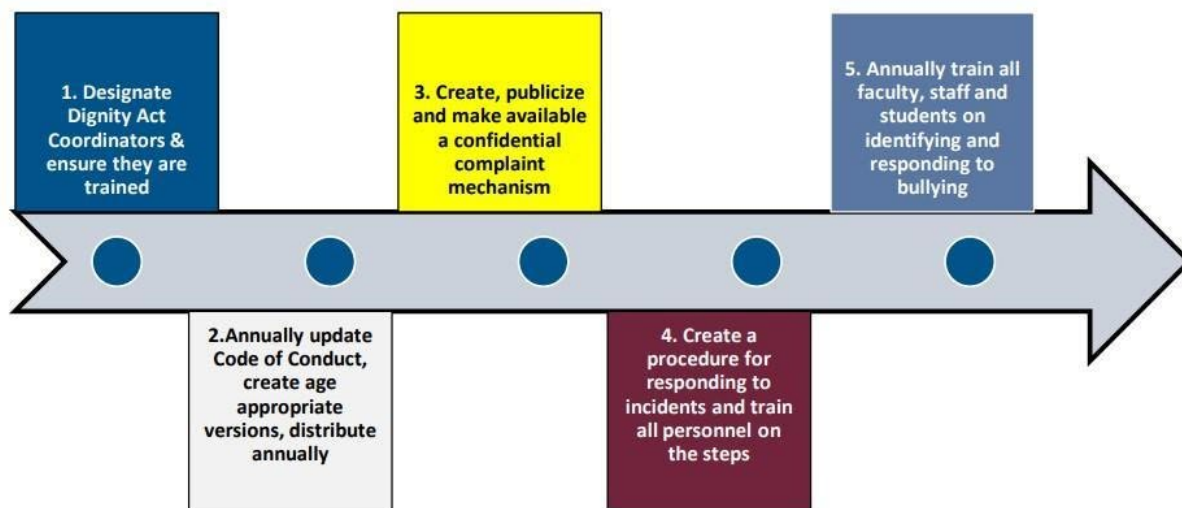

Personnel at all levels are responsible for taking corrective action to prevent bullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. The District recognizes the importance of eliminating unacceptable student conduct and works proactively to prevent these behaviors. School personnel who become aware of harassment shall act promptly to address the harassment, with the goal of preventing it from recurring.

Where appropriate, school personnel will address the effects on the student who was harassed. Remedial measures will generally include counseling of persons(s) who have been harmed by harassment and persons(s) who have been responsible for the harassment of others and implementing monitoring programs to follow up on addressed issues of harassment.

Prevention and intervention techniques within the District to prevent bullying behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to bullies/participants, victims and their parents to help ensure that the bullying stops.

Although the focus of this policy is prevention, it is recognized that acts of bullying and harassment may still transpire. In such instances, disciplinary action may occur in accordance with the District's Code of Conduct. Consequences shall depend upon the specific circumstances surrounding the incident, the developmental level of the student, their disciplinary history, and must be consistent with the District's Code of Conduct.

School District Responsibilities

A. Dignity Act Coordinator

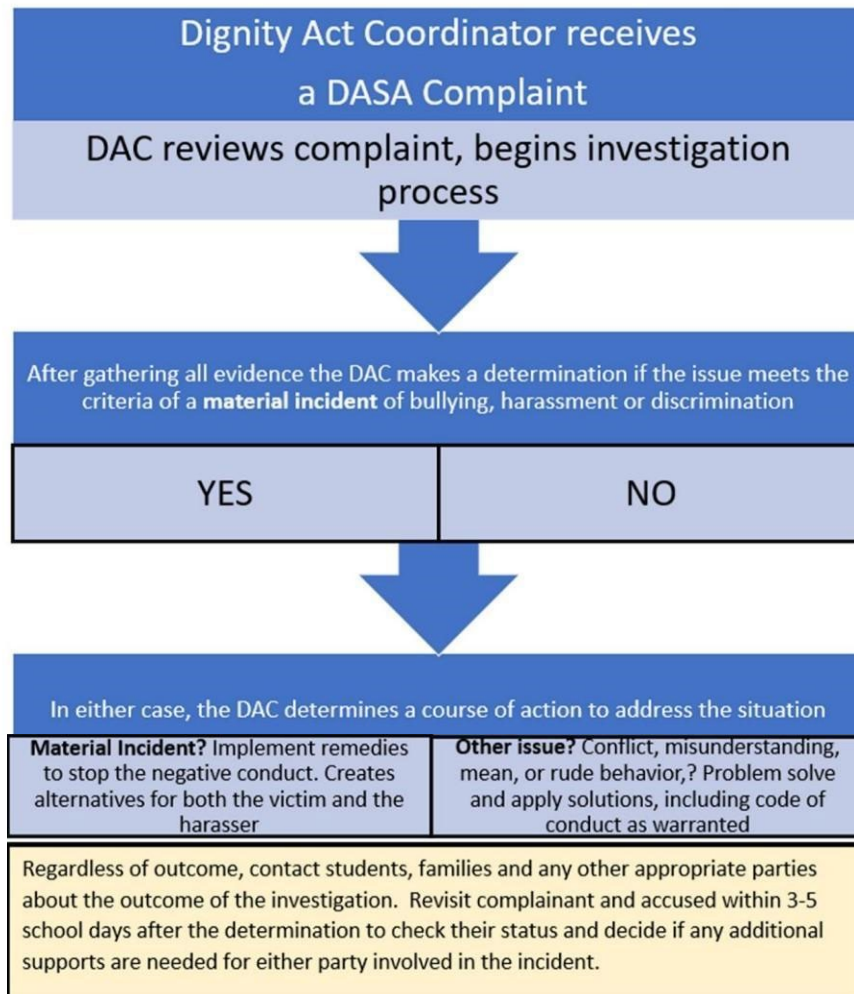

- At least one employee in every school shall be designated as a Dignity Act Coordinator and instructed in the provisions of the proposed rule and thoroughly trained in methods to respond to human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender and sex. The designation of each Dignity Act Coordinator shall be approved by the board of education annually. The name(s) and contact information for the Dignity Act Coordinator(s) shall be shared with all school personnel, students, and persons in parental relation.
- This shall be done by:
 - including in District Code of Conduct
 - posting on District website
 - included in at least one district or school mailing per school year
 - posted in highly-visible areas of school buildings
 - made available at the district and school level administrative offices
- In the event a Dignity Act Coordinator vacates his or her position, another school employee shall be immediately designated for an interim appointment as Coordinator, pending approval of a successor Coordinator by the Board of Education within 30 days of

the date the position was vacated.

- In the event a Dignity Act Coordinator is unable to perform the duties of his or her position for an extended period of time, another school employee shall be immediately designated for an interim appointment as the Dignity Act Coordinator, pending return of the previous Dignity Act Coordinator to his or her duties as Dignity Act Coordinator.

B. Complaint Procedures

- Students, or a parent(s) or legal guardian(s) who believe his/her student has been subjected to harassment by another student, teacher, administrator or other school personnel should report the incident(s) immediately to the Dignity Act Coordinator or another school administrator, teacher or counselor.
- If the student, parent(s) and/or legal guardian(s) desires further assistance regarding the complaint, the Superintendent may be contacted.
- Complaints can be filed by completing a “Gilbertsville-Mount Upton Harassment/Bullying Complaint Form”.
 - These forms are located in the school library, the Student Support Services Office and in the building’s Main Office.
 - Forms can also be accessed and completed online on the District’s homepage: www.gmucsd.org.
 - Forms can be deposited into any specified drop boxes in the building or turned into the Main Office.
 - Online forms can be emailed directly to the appropriate building administrator.
- All inquiries and harassment complaints filed with the District are confidential to the extent possible as described below.
- Confidentiality also applies to the investigation process.

C. Investigation Procedures and Decision of Investigator

- Upon receipt of a report or complaint alleging harassment, the appropriate building administrator shall undertake or authorize an investigation. The investigation may be conducted by school administrators or by the Office of Special Programs. The investigation will be completed as soon as practicable. The investigation will, at a minimum, consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint.
- Upon a finding that harassment has occurred, an appropriate response shall be fashioned by the appropriate administrator. Building principals addressing violations of this policy by students and the superintendent addressing violations of this policy by employees and/or students should consider the surrounding circumstances, the nature of the behavior, past incidents or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred.
- Steps may be taken by the appropriate administrator to protect the complainant, pupils, teachers, administrators or other personnel participating in the investigation pending completion of an investigation of alleged harassment.

D. Disciplinary Consequences

- Any individual who violates this policy by engaging in conduct defined throughout this policy that directly or indirectly causes intimidation, harassment, or physical harm to another student or employee may be subject to disciplinary action including but not limited to suspension from school.
- The GMUCSD Board of Education expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, school staff, volunteers, and contractors.
- The GMUCSD Board of Education believes that standards for student behavior must be set cooperatively through interaction among the students, parents/guardians, staff, and community members of the school district, producing an atmosphere that encourages students to grow in self-discipline.
 - The development of this atmosphere requires respect for self and others, as well as for district and community property on the part of students, staff, and community members.
- The GMUCSD Board of Education believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities for helping students learn to assume responsibility and the consequences of their behavior.
 - Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students' abilities to develop self-discipline.
- Since bystander support of harassment or bullying can support these behaviors, the district prohibits both active and passive support for acts of harassment or bullying.
 - The staff should encourage students to support students who walk away from these acts when they see them, constructively attempt to stop them, or report them to the designated authority.
- The GMUCSD Board of Education requires its school administrators to develop and implement procedures that ensure both the appropriate consequences and remedial responses to a student or staff member who commits one or more acts of harassment or bullying.
- Consequences and appropriate remedial actions for a student or staff member who commits one or more acts of harassment or bullying may range from positive behavioral interventions up to and including suspension, in the case of a student, or suspension or termination in the case of an employee, as set forth in the board of education's approved code of student conduct or employee handbook.

E. Factors for Determining Consequences and Remedial Measures

- The following factors, at a minimum, shall be given full consideration by school administrators in the development of the procedures for determining appropriate consequences and remedial measures for each act of harassment or bullying

- Factors for Determining Consequences
 - Age, development, and maturity levels of the parties involved
 - Degree of harm

H. Examples of Consequences and Remedial Measures

- Consequences for a student who commits an act of harassment or bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the board of education's approved code of conduct.
- Remedial measures shall be designed to
 - correct the problem behavior
 - prevent another occurrence of the behavior
 - protect the target (victim) of the act
 - Effective discipline should employ a school-wide approach to adopt a rubric of bullying offenses and the associated consequences.
- The consequences and remedial measures may include, but are not limited to, the examples below:
 - Consequences
 - Admonishment
 - Temporary removal from the classroom
 - Loss of privileges
 - Classroom or administrative detention
 - Referral to disciplinarian
 - In-school suspension during the school week or the weekend, for students

- Out-of-school suspension

 - Peer support group
 - Corrective instruction or other relevant learning or service experience
 - Supportive discipline to increase accountability for the bullying offense
 - Supportive interventions, including participation of an Intervention and referral Services team, peer mediation, etc.
 - Behavioral assessment or evaluation, including, but not limited to, a referral to a Child Study Team, as appropriate

The GMUCSD Board of Education requires the principal and/or the principal's designee to be responsible for determining whether an alleged act constitutes a violation of this policy. In doing so, the principal and/or the principal's designee shall conduct a prompt, thorough, and complete investigation of each alleged incident. The investigation is to be completed within three school days after the report or complaint is made.

The GMUCSD Board of Education prohibits reprisal or retaliation against any person who reports an act of harassment or bullying. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act.

The GMUCSD Board of Education prohibits any person from falsely accusing another as a means of harassment or bullying. The consequences and appropriate remedial action for a person found to have falsely accused another as a means of harassment or bullying may range from positive behavioral interventions up to and including suspension or expulsion. Consequences and appropriate remedial action for a school employee found to have falsely accused another as a means of harassment or bullying shall be disciplined in accordance with district policies, procedures, and agreements.

The GMUCSD Board of Education requires school officials to annually disseminate the policy to all school staff, students in plain language, and parents, along with a statement explaining that it applies to all applicable acts of harassment and bullying that occur on school property, at school-sponsored functions, or on a school bus.

The district shall incorporate information regarding the policy against harassment or bullying into each school employee training program and handbook.

J. Retaliation

- Retaliation means some type of adversarial or punitive action taken against an individual or individuals as a result of filing a complaint or participating in the complaint process.
- No person will suffer retaliation or intimidation for participating in the complaint process.
- Retaliation against any student seeking assistance at their school, filing a complaint, or participating in the investigative process is grounds for a subsequent retaliation/harassment complaint.

K. Confidentiality

- GMUCSD will respect the privacy of the complainant, the individual(s) against whom the complaint is filed and the witnesses as much as possible, consistent with our legal

obligations to investigate, take appropriate action, and conform to any legal discovery or disclosure obligations.

L. Reminder to Staff with Regard to Responding to Bullying

- Do not ignore bullying.
 - Bullies count on adults to ignore bullying behaviors and allow them to continue bullying activities. (Steiner, A. 2002).
- Intervene immediately
 - Bullying is common, but not benign.
 - Bullies are much more likely to grow up to have criminal or violent behaviors.
 - Targets of bullies suffer disproportionately from mental health problems, school problems, and social problems.
 - Children who witness bullying spend an inordinate amount of time seeking to avoid it and worrying about it.
- Separate alleged bully and target.
 - Do not use mediation or attempt to force them to confront one another.
- Bullying is different from conflict.
 - Conflict is an equal-power quarrel or problem between two students.
 - Bullying is abuse
 - It occurs when a socially powerful (popular or feared) student mentally or physically abuses a weaker (fearful) student, for the purposes of making them afraid and hurt.
- Stay neutral and calm.
 - The tone you take with students during investigations will affect your ability to defuse the bullying.
- Don't make promises or deals until your investigation is complete.
- Reassure reporters and target(s) that they have done the right thing by reporting.
 - Make sure they know they will be protected from retaliation.
- Empower aggressors to change.
 - Remind aggressors that they have power to stop the bullying.
 - Teach them strategies to stop (e.g., "for now, stay off of Facebook").
- Maintain confidentiality but ACT
 - It is important to protect reporters from retaliation, but information on bullying MUST be acted upon.
 - There are no "off-the-record" conversations.
- Be objective in your note-taking
 - Your emails and the notes you take in meetings about students become part of their official record.
- Be timely!
 - The faster you talk to all students involved, the less likely that the students will feel social pressure to change their stories.

Gun-Free School Act

U.S. Department of Education Gun-Free Requirements SEC. 4141.

SHORT TITLE- This subpart may be cited as the Gun-Free Schools Act'.

REQUIREMENTS-

IN GENERAL- Each State receiving Federal funds under any title of this Act shall have in effect a State law requiring local educational agencies to expel from school for a period of not less than 1 year a student who is determined to have brought a firearm to a school, or to have possessed a firearm at a school, under the jurisdiction of local educational agencies in that State, except that such State law shall allow the chief administering officer of a local educational agency to modify such expulsion requirement for a student on a case-by-case basis if such modification is in writing.

CONSTRUCTION- Nothing in this subpart shall be construed to prevent a State from allowing a local educational agency that has expelled a student from such a student's regular school setting from providing educational services to such student in an alternative setting.

DEFINITION- For the purpose of this section, the term firearm' has the same meaning as the term given in section 921(a) of title 18, United States Code.

SPECIAL RULE- The provisions of this section shall be construed in a manner consistent with the Individuals with Disabilities Education Act.

REPORT TO STATE- Each local educational agency requesting assistance from the State educational agency that is to be provided from funds made available to the State under any title of this Act shall provide to the State, in the application requesting such assistance —
an assurance that such local educational agency is in compliance with the State law required by subsection (b); and a description of the circumstances surrounding any expulsions imposed under the State law required by subsection (b), including the name of the school concerned; the number of students expelled from such school; and the type of firearms concerned.

REPORTING- Each State shall report the information described in subsection (d) to the Secretary on an annual basis.

DEFINITION- For the purpose of subsection (d), the term school' means any setting that is under the control and supervision of the local educational agency for the purpose of student activities approved and authorized by the local educational agency.

EXCEPTION- Nothing in this section shall apply to a firearm lawfully stored inside a locked vehicle on school property, or if it is for activities approved and authorized by the local educational agency and the local educational agency adopts appropriate safeguards to ensure student safety.

POLICY REGARDING CRIMINAL JUSTICE SYSTEM REFERRAL-

IN GENERAL- No funds shall be made available under any title of this Act to any local educational agency unless such agency has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to a school served by such agency.

DEFINITION- For the purpose of this subsection, the term school' has the same meaning given to such term by section 921(a) of title 18, United States Code.

Custody Agreements

On occasions the school has been asked by a custodial parent to restrict the right of a non-custodial parent to receive school records, to pick the child up from school, to conference with teachers or other rights or privileges a parent would enjoy. Unless such restrictions are part of a court document that specifically restricts these rights and privileges, the school cannot honor these requests. A copy of any custody agreement should be brought to school so that a copy can be made to place in the child's file. Appropriate staff members will be notified of any restrictions that do apply.

Illness Clause

A. Short-term illness (1-3 days)

- a. The student or parent/guardian is responsible for getting and completing assignments. The student is expected to call a classmate to get the assignment(s). For absences longer than 2 days they may contact the Student Services Office. Students are to complete and submit their work within 24 hours of their return to school. Note: Teachers have the option to modify assignments and set an appropriate timeline for due dates where appropriate.

B. Long-term illness (4 or more consecutive days)

- a. The student will be given 3 school days, from the last day they were absent, to complete missed homework assignments. Assignments may be secured through the Student Services Office, or classmates. The student is responsible for completing assignments.
 - i. Teachers have the option to modify assignments and timelines where appropriate. For longer illness (1 week or more consecutive days), with the appropriate doctor's note, tutoring can be requested for the student.

Family Trips

Absences from school deprive a student of the classroom interactions, practice and opportunities for additional assistance necessary for academic growth. There is concern regarding the loss of instructional time due to family trips scheduled while school is in session, considered unexcused, and are defined as illegal according to State Education Law. In the event of such an absence, teachers are not required to provide work prior to the trip. It is the parent's responsibility, working with the teacher, to make certain that any assignments and tests be completed in an agreed amount of time. It is extremely important your child be at school on time during New York State testing weeks (see school calendar). Should your child miss these tests, your child loses out on the diagnostic value of the assessment. Please avoid taking family vacations during testing weeks.

Health Office Guidelines

If your child is absent, please call the front desk at 607-783-2207 to inform the school and follow up by sending in a written note. This will help keep our attendance records up to date.

- If your child is ill, running a fever, vomiting or has diarrhea, please keep him/her home until symptom free for 24 hours.
- If your child is too ill to go outside for more than 1 day, send in a note from your doctor.
- If your child is absent due to illness for more than 3 days, please provide him/her a doctor's note for re-entry into school.
- If your child has injuries or is ill and cannot participate in gym, the doctor must send a note stating "no gym" for a specific amount of time. If your child cannot participate in gym, they will not be able to participate in recess or athletics.
- If a child becomes ill during school hours he or she must be released by the school nurse who will make the appropriate contact with the parent/guardian. The parent, guardian, or emergency contact person must sign the student out at the front desk. Students may not be released to anyone that is not documented on the Student Information Form provided by parent/guardian.

Health and Extra-curricular Activities (MS/HS)

If your child participates in school related extracurricular activities, they must be healthy and in attendance for a minimum of a half-day of school (read on for further definition) in order to participate in the after school activity. If your child has an appointment and must leave for part of the day, then they may participate in the after-school activity; if your child comes to school, becomes ill and is sent home, they may NOT return for the after-school activity. Any incident that involves less than a full day of school for a child on a day that there is an extra- curricular school related activity attendance must be pre-approved by the Principal.

Prescription Medication and Medical Treatment

If prescription or over the counter medication such as cough drops, Benadryl, Tylenol or Advil is to be given at school, a medication authorization form from the health office will need to be signed by a parent/guardian and a written doctor's order will be required for the administration of medication.

Medication needs to be sent in an original container that will remain at school. The pharmacy will prepare a bottle for the school if asked. Medications need to be brought to the Health Office by an adult.

Medication that is to be at a specific time will be given only with the signed medication form and doctor's orders. Forms are available in the Health Office. The school's healthcare staff will provide emergency care for students in accidental or unexpected medical situations.

The school nurse will provide emergency care for students in accidental or unexpected medical situations. If medical treatment is necessary for a student who is injured in school or at a school sponsored activity, parents must follow the procedure below: contact Health Office staff immediately, submit claims to your own health insurance provider, submit proof of payment or claim denial from your health insurance provider to the business office. The school covers only the cost not covered by your own insurance.

If medical treatment is necessary for a student who is injured in school or at a school sponsored activity, parents must follow the procedure below:

- Contact the Health Office staff immediately
- Submit claims to your own health insurance provide
- Submit proof of payment or claim denial from your health insurance provider to the Business Office
- Communicable diseases - If your child has symptoms of any communicable disease, they must remain out of school until 24 hours after symptoms subside, or released by a medical doctor.

If your child is sent home with head lice, you will need to follow the instructions of the lice treatment and cleaning procedures.

- Your child(ren) needs to go directly to the Health Office and have his or her hair examined BEFORE going to their classroom(s). In order to maintain good health for all students, we have a "NO LIVE" policy for students returning to school. If any live head lice are found you will need to take your child(ren) home and remove the lice before he or she returns to school. If your child(ren) should get head lice, please notify the Health Office so the other children in the classroom may be checked. This prevents further spread.

School Accidents

If medical treatment is necessary for a student who is injured in school or at a school sponsored activity, parents must follow the procedures below:

- Contact the Health Office Staff immediately and inform them of the accident
- Submit claims to your own primary health insurance provider
- Submit proof of payment or claim denial from your health insurance provider to GMU's Student Accident Insurance Provider. Forms can be obtained from the GMU Business Office.
 - GMU covers only the costs not covered by your own insurance.

Homebound Instruction (tutoring)

Homebound Instruction (tutoring) is provided to students who are unable to attend school due to medical difficulties.

In this event, the parent must notify the Principal or Student Support Services immediately.

- The parent must obtain a written medical request for homebound instruction from the child's physician. No tutor can be assigned until the physician's request is received.
- Students under the age of compulsory attendance are provided tutoring if they are unable to attend school due to disciplinary action.

- Secondary students receive the equivalent of 2 hours of tutoring instruction per day.
- Students receive credit for their work while on homebound instruction.

Field Trips

Field trips are arranged by teachers to strengthen student learning through activities not available in the classroom. Preparation work in advance and reflection following the trips are required. Students who miss other classes to attend field trips are expected to secure assignments and notes missed during class.

Fire Drills

Fire drills are to be held at irregular intervals during the school year. All occupants are to follow the directions posted in the room at the time of the drill. All occupants should move quickly, in an orderly manner, and quietly out of the building. **THERE IS TO BE NO TALKING DURING A FIRE DRILL.**

Assemblies

Student assemblies are scheduled to broaden the overall educational program in diverse ways. Faculty will escort students in single file to all assemblies. Students should treat presenters with courtesy and respect. Expectations for student conduct include:

- Quietly take assigned seats with your teacher
- Turn off or silence any electronic devices and put them away
- Do not speak (in an emergency speak only in a whisper)

Student Procedures - Academics

I. Academic/Grade Procedures - District wide

A. Report Cards/Progress Reports

- Report cards and progress reports are provided to parents as a means of communicating information regarding their child's academic growth during the school year.
- Report cards are issued every 10 weeks at the end of each marking period (4 per year)
 - In addition to grades, teacher comments are included.
- Progress reports are issued at the halfway point of each marking period.
 - They can alert parents about students experiencing academic or behavioral difficulties.
- Positive reports can be sent to students doing excellent work.
 - These forms are used anytime a teacher feels information should be communicated to parents regarding their child's progress in school.
 - Second mailing requests can be submitted to the main office.

B. Honor and High Honor Roll Recognition

- Based upon their quarterly averages, students in grades 4 - 12 will be recognized in the newsletter and announcements for their academic achievement.
- Students earning a quarterly average of 87-92, with no grade below a 70 and no incompletes, will be listed on the Honor Roll.
- Students earning a quarterly average of 93-100, with no grade below a 70 and no incompletes, will be listed on the High Honor Roll.

C. Student/Parent Concerns

- Successful partnerships between students, parents, and school personnel are essential to the goal of student success. There may be times when students voice concerns that leave parents wondering what they can do to help. At such times we encourage students to take responsibility for solving the problem or concern.

- The protocol below will encourage students to participate in the problem solving, while assuring that if they are not successful, there is help to solve the problem.
 - Step 1
 - Parents encourage students to speak to the teacher directly, coaching the student how to approach the problem.
 - Step 2
 - If the student is not successful, the parent contacts the teacher to discuss the situation.
 - Step 3
 - If the parent is not successful, the student and/or parent contacts the principal to share the concern in an effort to solve the problem.
- Parent Conferences
 - Conferences are scheduled two times a year. Parents may also initiate a conference by calling the school office and making an appointment with the teacher. When a parent requests a conference with a teacher, the teacher will arrange a mutually convenient time. Such conferences will be planned around the teacher's schedule so as not to interfere with class time. We would like to encourage you to attend and schedule conferences whenever necessary. Your participation is very important to us.
 - If you or your child is having a problem with something occurring in the classroom or not understanding something, please make an appointment with the teacher to talk, either through phone or Parent Square. Establishing a positive, open communication line is important for parents, teachers and students.

D. Student Complaints and Grievances

- Students who feel they have a complaint/grievance should report to the main office and explain the situation.
- Formal complaints may be submitted to initially report a complaint or as a follow-up to an unsatisfactory resolution of an informal attempt to resolve a complaint.
 - Students may also present concerns directly to the Student Council Grievance Committee.

E. Homework Procedure

- The Gilbertsville-Mount Upton School District recognizes homework as an important component of the learning process. Homework activities should be part of the students' learning process beginning in kindergarten and continuing through grade 12. It is understood that this is a developmental process that begins with basic skills in the primary levels continuing through advanced practices at the upper secondary. Ultimately, it contributes to preparation for skills needed beyond high school.
 - Good homework activities provide students with additional learning practices in support of everyday classroom instruction.
 - Homework helps build the foundation for skills and practice that develop good work habits.
 - Regular practice of these skills can lead to increased academic achievement.
 - In turn, homework promotes academic success by reinforcing learning, providing enrichment opportunities and developing much needed academic study skills.
 - Furthermore, enlightening homework activities can help foster school-community relations by connecting students to resources outside of the school environment.
- Variations in individual study habits and abilities may lengthen or shorten homework times. If a student consistently needs more time for assignment completion his/her teacher should be notified.
 - Teachers will coordinate frequency and duration of homework assignments with other teachers.
 - Although homework may not be assigned each night, time should be spent reading, writing, studying math facts, reviewing for tests, etc.

- Homework Outcomes
 - The purpose of a consistent homework policy/program is to:
 - Help students become self-directed decision makers
 - Teach students to become organized problem solvers
 - Foster responsible citizens
 - Improve skill mastery
 - Encourage self-esteem
 - Extend learning and creativity for all students
 - Facilitate improved home-school communication.
- Parent Checklist for Helping Your Child with Homework

grades 4 - 12.

- Late work may be accepted but with points deducted (the number of points deducted determined by the classroom teacher according to the type of assignment).
- After a period of one week, without other exceptions granted, late work may not be accepted by a teacher.
- Exceptions (in terms of deadlines and/or point deductions), due to legal absences, required accommodations or other extenuating circumstances, may be granted on an individual basis according to the specific student needs.
- Any exceptions, including legal absences and required accommodations, will require at least one meeting (or potentially more) between students and teachers to agree on a plan for making up missed work.
- Parents will be notified by the teacher if their student is not passing the course.

F. Lost and Found

- All found items will be placed in the Health Office.
 - They will also be displayed on a table outside of the Health Office at Parent Conferences and the Year End Ceremony.
 - The school cannot assume responsibility for students' losses.
 - Proper marking with permanent markers on tags of personal property can help reduce these losses.
 - Please be sure to check this table whenever possible.
 - Unclaimed items are washed and donated over Winter Break and at the end of the school year.

G. Care of School Property/Materials Loaned to Students

- Materials loaned by GMU, such as textbooks, instruments, computers, calculators and other school materials, will be the student's responsibility to take care of until they are returned at the end of the semester/school year. Parents will be billed for lost or damaged materials. All students must show respect for school property. Any damage of property should be reported to the Main Office or the appropriate teacher.
- Acts of vandalism are crimes against the school district and the community. Students who willfully destroy, damage, or deface school property shall be subject to disciplinary action and may be prosecuted to the fullest extent possible under the law. If a student damages school property, such student and/or his/her parent or guardian shall be required to pay the district for the value of the damaged property up to the limit of the law.

II. Elementary School Progress and Instruction

A. Student Planners

- Students in grades 3-12 are given Student Planners in which to record daily homework assignments. Teachers will use the sheets to communicate with parents when necessary. Parents should check the sheets each evening in order to be aware of the expected homework, to see any messages from the teacher, and should sign the sheet signifying that they have seen the assignments and/or messages. Parents can also use the sheet to communicate messages to the teacher.

 - Teacher permission is directly and explicitly granted at that specific time.
 - One student at a time is allowed to leave.
 - Each student signs out and back in (name, date and times).

- Office Phones
 - Office phones are for emergency use only.
 - Use of office phones will be allowed at the discretion of office personnel.

 - Locker combinations will NOT be changed during the school year.
 - Students should memorize locker combinations, and do NOT share the combination with anyone. This will prevent things from being stolen from the locker.

- Students having a problem with their locker (combination or jam) should come to the office and let the secretary know what the problem is so she can help you.
- Be prepared for class or study hall so that you do not have to go to your locker.

 - Teachers may make special arrangements for special classroom events with the approval of the Principal.

B. Procedures during Study Hall

- The purpose of the study hall is to provide a quiet time for study, as well as an opportunity to receive academic assistance.
 - To achieve this focus:
 - Students are to arrive on time and must study for the full period, so they should plan enough work in advance. This includes bringing books, pencils, papers, or other materials with them.
 - After attendance is taken, eligible students may ask to sign out to the library or computer lab, or present a pre- signed pass from other teachers. Students may not leave until the teacher/monitor provides a hall pass for them. National Honor Society members are allowed to sign out to approved locations without pre-signed passes.
 - Students who have demonstrated responsibility may be allowed to sign out (one at a time) to lockers or restrooms.
 - Students may not sign out more than one time per 40-minute study hall.

 - Any exception to this provision will be reviewed on a case by case basis by the Principal and Superintendent of Schools.
- All students in grades 9-12 are required to carry, each year, the equivalent of 6.5 units of credit. These credits would include no more than one approved independent study.
- Any exception to this provision will be reviewed on a case-by-case basis by the Principal and Superintendent of Schools.
- Students will be limited to no more than two study halls per semester. The Principal will assign appropriate elective offerings to students whose schedules otherwise would result in study halls that exceed this limit.

D. Add/Drop Course Procedures

- A student may add or drop a course during the first 10 days of the course.
 - Any schedule changes made after that time will be at the discretion of the Principal after a meeting with student and parent.

at DCMO BOCES. Prior to beginning studies in Occupational Education, students must meet the following prerequisites:

- Students must be in at least grade 11 to be considered for BOCES Occupational Education courses.
- Students must be in good standing.
 - Good standing means a student will be current with all of their coursework; will have credit for their Regents courses by the end of their sophomore year; and will have passed required grade-level Regents exams by end of their sophomore year.
- A student will have submitted a consent form containing his/her parents' permission for their son/daughter to explore the option of BOCES.
- A student must submit an application that clearly states that the course they wish to take clearly fits within their four-year career plan. If courses are available at GMU that satisfy your career interests, they will be scheduled as the first option (before BOCES is considered) for your education during your Junior and Senior years.
- Students who attend CTE programs at BOCES can receive high school credits for Math, Science, and English courses given the following conditions:
 - Successful completion of the required regents.

 - A copy of the course outline is available through the teachers. Parents may request to have their student excused from the segment of AIDS instruction regarding the methods of prevention of the disease by filing a request with the Superintendent of the school. The request must give assurance that instruction will be given at home.

 - To be of senior status, students must have at least 17 credits and be able to complete the 22.5 credits required for graduation. Students also need passing scores on the associated Regents Exams or State Approved Alternative

I. Middle/High School Academic Integrity Procedures

- It is essential that every student's work and ideas are her or his own. While collaborative work is encouraged, there is a bold distinction between collaboration and copying. Additionally, the internet and other resources, unfortunately, often offer students a tempting and all too easy way out of an exam, research paper, or major project. Academic dishonesty, or cheating, not only robs the student of the skills and knowledge she or he was meant to learn, but it means the student has failed to live up to the high ethical standards at GMU. Middle and high school is a crucial period for our students to not only learn, but to develop an appreciation for learning and the hard work that goes with it.
- As such, below are practical examples of academic dishonesty.
 - Plagiarism
 - The representation of words, images, and/or ideas of another's work as one's own
 - Copying another student's homework or class work
 - Providing another student with one's homework or class work to be copied
 - Cheating on an exam or project
 - Aiding another student in cheating on an exam or project
 - Misrepresenting an assignment
 - Representing purchased materials as your own
 - Using unauthorized materials during an exam
 - ex: "cheat sheet"
 - Improperly citing on a final draft
 - after having received teacher corrections on an earlier draft
 - Altering the grade on an assignment or examination
 - Forgery
 - Stealing an exam or exam data
 - Sabotaging or destroying another's work
 - The use of artificial intelligence programs including, but not limited to, ChatGPT, to complete assignments
- Academic Consequences
 - It is GMU's intent that high school is a learning period for students, particularly when it comes to honesty and integrity. However, in college, work, and beyond, the penalties for dishonesty are severe. Therefore, GMU will treat every instance of academic dishonesty as a serious matter. It is not simply copying. It is academic dishonesty. In general, penalties will be based on chronic academic dishonesty. Second and third offenses will receive far sterner disciplinary measures. In all instances, the secondary principal will make the final determination of the appropriate consequence based on the scope of the incident.
 - However, the below consequences are offered as a guideline:
 - First offense and/or moderate academic dishonesty
 - grade of 0 for the assignment
 - Second offense and/or major academic dishonesty
 - grade of 50 for the marking period
 - Third offense and/or severe academic dishonesty
 - loss of credit for the course.
 - For all offenses, a discipline referral will be written and placed in the student's permanent record.

J. Grading System

- Grades are used to indicate achievement and development in each class or subject area in which a student is enrolled. Student's grades will reflect what they earned during each marking period.
 - If a student gets below a 50 for any of the first 3 marking periods, they have the opportunity to earn a 50 in that marking period by passing the marking period that follows.

- For example, if a student earns a 45 in the first marking period and gets a 65 in the second marking period, the first marking period grade will be changed to a 50.
 - This procedure maximizes a student's opportunity for success.
 - In the fourth marking period, a student's grade cannot be changed to a 50 if it is below a 50.
- Incompletes
 - Students who are seeking a temporary grade of "incomplete" for a marking period in a specific course must meet with that specific course's teacher and appeal for an "incomplete".
 - It is up to the teacher's discretion whether a temporary grade of "incomplete" is granted.
 - Such factors under consideration for granting such a request may include, but are not limited to, required accommodations, necessity for academic intervention and legal absences that reasonably prevented completion of assignments.
 - Outside of required accommodations, teachers retain the right to deny requests for a grade of "incomplete".
 - Granted requests will require a plan for completing missed assignments.
 - Failure of the student to abide by the plan, without meeting with the specific course's teacher for further extensions, may result in point penalties (including possibly a grade of 0) for missed assignments.

K. Academic Intervention Services

- Academic Intervention Services (AIS) are provided to students making limited progress towards grade level standards. Instruction will be designed to meet students' particular skill development needs.
- Schools are required by New York State Education Law to provide academic intervention services to any student who scores below the State designated performance level on one or more of the State assessments in English Language Arts, Mathematics, Social Studies or Science. In determining eligibility, students' performances in students' academic courses at GMU and iReady Reading and Math diagnostic assessments are included.
- These services will be provided through extra help during a learning lab period by our intervention teachers, starting at the beginning of the school year. The intervention teacher, in collaboration with classroom teachers, will monitor and reevaluate student progress in both classroom performance and the iReady benchmark assessment.

L. Credit Recovery

- It is important that students who fail a course have the opportunity to make up the course to get back on track. Students can make up credit by repeating the entire course during the school year, summer school (if offered), or through the school approved credit recovery program.
- Eligible students can make up credit through the school approved credit recovery program. Information regarding credit recovery classes is available through the Student Support Services Office.
- Grading for Credit Recovery
 - The original failing course grade will be reconciled with a minimum of 65 upon completing and passing the credit recovery course. The final average will be determined by combining the credit recovery grade with the grade you received in that course during the year. The credit recovery grade counts for 80% of the final grade, and the school year grade counts 20%.

M. Summer School

- A middle/high school student who fails a course may be eligible for summer school to earn course credit.
- Grading for Summer School
 - A student who completes but fails to pass a 1-unit course during the school year is eligible to attend summer school to earn a passing grade in the course. The grade earned during the school year will be combined with the summer school grade to achieve the final grade for the course. The school year grade will count as 20%, while the summer school grade will count as 80% of the final grade.
- Information regarding summer school classes is available through the main office.
- Transportation is provided by the district, if necessary, from GMU to the summer school or Regents exam site.
 - Parents are responsible for transporting their students to and from GMU.
 - All school rules and student conduct expectations are in effect during summer school.
 - Students who fail to adhere to the transportation safety rules will be dismissed from the program.
- Some students may also attend summer school for a review session by DCMO BOCES for retaking a Regents Exam in August.
- August Regents will be offered each summer by DCMO BOCES at one of their two campuses. Students must pre-register if planning to retake a Regents exam in the summer. Contact the Student Support Services Office to register for August Regents exams.

N. Honors and Recognition

- National Honor Society
 - Gilbertsville-Mount Upton has Honor Society Chapters for students in grades 10-12 (National Honor Society). Students are considered for membership based on achieving a minimum grade point average of 89.5% or higher.
- Once students are notified of their eligibility, they are asked to provide additional information about themselves so that the selection committee can make informed decisions regarding membership.
- National Honor Society selection is based on evidence of student excellence in the following areas
 - Scholarship, Service, Character and Leadership.
- Once inducted into the National Honor Society, students are expected to maintain the standards of excellence. Students failing to maintain these standards may be subject to a warning, a probationary period, or dismissal.

O. Student Support Services

- The Student Support Services Office provides important information regarding graduation requirements, career options, and future educational opportunities. In addition, the counselors provide a variety of services and supports to aid successful educational and personal development.
- Students may arrange a conference with the Student Support Services Office and, if necessary, a parent conference may be scheduled with the teacher for many reasons including:
 - Colleges, College Entrance Requirements; Scholarships; Trade Schools; Career Information; Military Service; Program Planning; Area Vocational School Offerings; Test Interpretation; Exams: PSAT, SAT, ACT; Study Tips; Scheduling and Course Offerings; Test Taking Tips; Personal Issues Interfering With Learning.

P. Transcript and Recommendation Requests

- If a student or graduate requires a transcript to be sent for college admission, scholarship application, etc, the student must fill out a transcript request form at least one week prior to the date the transcript must be received.
 - The time frame is important in assuring adequate mailing time.
- Transcript requests need to be submitted directly to the Student Support Services Office

Secretary.

- Requests for letters of recommendation from the Student Support Services Office must be submitted, in writing, at least one week prior to the requested mailing date.

Q. Scholarships

- Upcoming scholarships will be posted in the Student Support Services Office, and on the school website.
 - Students are responsible for checking this information.
- Students are responsible for completing all necessary paperwork for scholarships and obtaining all recommendation letters, transcript requests, and scholarship essays.
 - This requires advanced planning to give teachers time to complete references where necessary.
 - Students must bear in mind that all scholarships have firm deadlines, and the timely submission of the applications must also allow for sufficient mailing time.

R. Financial Aid Forms

- Financial Aid forms are available in the Student Support Services Office.
 - In most cases, specific questions about Financial Aid Awards should be referred to the Financial Aid Office of the college chosen.
- Financial Aid Night is an opportunity for parents to gain valuable information.
 - Financial Aid night is scheduled yearly in December in the High School Library.

S. Graduation

- Any student who has not fulfilled the graduation requirements for a diploma, as per Board Policy 7220, will not be allowed to participate in the graduation ceremony.
- The Board of Education is responsible for establishing the procedures of the graduation ceremony.
- As graduation is a solemn celebration, the standards and procedures established by the Board of Education and the administration will be followed on a yearly basis.
- Senior class officers must meet with the Principal and Graduation Coordinator to discuss graduation plans no later than the end of the first week in May.
- The Graduation Rehearsal date and time will be shared with all seniors.
 - Rehearsal attendance is mandatory.
 - If a senior is not at the graduation rehearsal, he or she will not be allowed to take part or attend the graduation ceremony.
- Gold Cord Recognition
 - Seniors will be given the honor of wearing a gold cord at graduation based on the following standard:
 - If a senior's seven semester cumulative average is 89.5 or higher.
 - Seven semesters include two semesters each in the freshman, sophomore, and junior years; and the first semester of the senior year.
- White Cord Recognition
 - Seniors will be given the honor of wearing a white cord at graduation based on the following standard:
 - If a senior has maintained a grade point average of 90% or higher for their senior year.
- Cap and Gown / Lunch Accounts
 - Senior lunch accounts and other District bills MUST be paid in full prior to picking up your cap, gown and diploma.
- Selection of Valedictorian and Salutatorian
 - Valedictorian and Salutatorian will be determined at the beginning of the second semester of the senior year based on the average of the seven semester academic ranking within the original ninth grade cohort.
 - Eligible seniors must have been a full-time student of the school district beginning with the first day of the freshman year.
 - This establishes the original cohort.
 - Must have a final GPA of 90% or higher to maintain Valedictorian or

Salutatorian status at Graduation.

- Have completed course work to earn an Advanced Regents Diploma with Honors at the time of graduation.
- The Valedictorian and Salutatorian will be announced publicly by April 1 of each school year and they will be expected to speak at commencement. In case of a tie, the district will recalculate averages based on an extended decimal calculation.
- Once the Valedictorian and Salutatorian are publicly announced, they will be expected to maintain the highest standards of behavior through the remainder of the school year.
 - If there is a major Code of Conduct violation, the principal reserves the right to revoke this honor and designate another student to replace the dismissed student.

T. Employment of Students

- Students under 18 who are interested in working papers may pick up applications in the Health Office.
 - The Student Support Services Office staff can offer assistance in finding summer employment.
- Despite the attraction of having a part-time job after school hours, students should give careful consideration to the amount of time and energy such a job can demand.
 - Although the income creates opportunity for purchasing items now, please focus on success in school as it is an investment that pays dividends in the form of higher salaries throughout your lifetime.

U. Work Placements - Elementary School Volunteers

- Elementary teachers have high school students assigned to them for various tasks. Students involved in volunteer activities at the elementary school must have prior written approval from the Elementary office.
- Students should sign out at the high school office before going to the elementary school and sign in upon their return.
- If a student is ill during the time he/she were expected to volunteer, he/she must contact the person with whom they were scheduled to work, in advance, so plans can be adjusted.

IV. Multi-Tiered System of Supports (MTSS)

The District employs a MTSS framework, described in the District MTSS Plan document, to provide targeted support to students who need it. The MTSS framework provides structured intervention to students so they can catch up, and keep up, with learning standards. In doing this, MTSS will continuously adapt and improve to meet the needs of students. MTSS establishes a data-driven, problem-solving system of defining and analyzing a problem, developing a plan, implementing the intervention and consistently evaluating progress to determine success - define, develop, implement and evaluate.

For teachers, MTSS provides a streamlined process to identify and help struggling students, emphasizing objective assessment, evidence-based intervention and rigorous documentation. This translates into more effective, and preventative, support for students.

Early identification of needs and early implementation of interventions are crucial. Plans may be modified or replaced depending on the rate of success. Progress monitoring is an ongoing process.

MTSS provides a more objective way to look at student performance. Using objective data helps teachers and parents understand how the student is doing compared to grade-level expectations. Providing early help through an MTSS process can limit the academic deficit that any student experiences. Keeping students at or near grade level, even in the early grades, is essential to a student's self-esteem and long-term success in school.

MTSS supports all students in achieving their learning goals, not just those who struggle. MTSS can be used across all grade levels, from Pre-Kindergarten through grade 12.

A. MTSS Tiers

- MTSS contains three tiers, each progressing in intensity and frequency.
 - Tier 1 is general core instruction conducted for all students every day.
 - Tier 2 is supplemental intervention for students who fall below cut-off scores on screening measures (such as benchmark assessments). Roughly 5-10% of students are anticipated to fall within this tier, but exact percentages may vary.
 - Tier 3 is more intensive and frequent intervention for students who do not show sufficient progress in screening measures in Tier 2. Roughly 5-10% of students are anticipated to fall within this tier.
 - Therefore, 80-90% of students are expected to fall exclusively within Tier 1. If the percentage of students within Tier 2 and 3 is larger than 20%, the teacher may consider a reevaluation of core instructional strategies for the entire class.
 - Multiple assessments (at least two or three) must meet criteria before designating a tier.

B. Objective Data Analysis

- Understanding and analysis of objective assessment data, both formative (ongoing and/or low-stakes assessments done throughout instruction) and summative (at the end of a unit of instruction or during scheduled benchmark tests throughout the school year) is the foundation of this system. This vital information is then used to determine what type(s) of support each student needs to achieve learning standards and/or their own individual learning goals.
- School-wide academic screeners (benchmark assessments), such as iReady, are administered three times per year (beginning, middle and end of school year) to determine the level of support needed.
- Students falling below the cut-off scores will be designated to Tier 2 or Tier 3. Students showing considerable improvement, who were previously in Tier 2 or Tier 3, may return to a previous tier (for example, from Tier 3 to Tier 2 or Tier 2 to Tier 1).
- Assessment cut-off scores are assigned for each individual grade level at each specific point in the school year (beginning, middle and end of year).

Academic MTSS Process Flow Chart

MTSS = Multi-Tiered Support Services

Tier 1 - General instruction. This is the high-quality instruction done everyday in classes.

DEFINE (analyze the problem)

DEVELOP (a plan)

Tier 1 - Classroom Intervention

- 1) Identify students at risk for academic failure in classes.
- 2) Specific individual support provided to these students (interventions) for 6-8 weeks and with progress monitoring (using objective data such as assessment results) of these interventions.
- 3) Successful interventions continue and alternative interventions planned if necessary.

School-Wide Academic Screening

- 1) Benchmark assessment (ex: iReady) administered 3 times per year (fall, winter, spring).
 - a) Primary data source used to move students into and out of Tier 2 and 3.
 - b) Students falling below cut-off designated to Tier 2 or 3.

IMPLEMENT (the intervention)

EVALUATE (progress monitor)

Tier 2 - Supplemental intervention

- 1) Parents and teachers meet to discuss assessment results, along with prior and current interventions.
- 2) Administer more intensive interventions that target specific skills (ex: AIS).
 - a) Tier 2 groups should consist of no more than 7 students.
 - b) Interventions occur at least 3 times per week at 20-30 minutes per session.

- c) Interventions are monitored weekly and/or biweekly.
- d) Students enter Tier 2, return to Tier 1, or enter Tier 3 after benchmark assessments.
- e) Successful interventions continue and alternative interventions planned if necessary.
- f) If objective data reflects insufficient growth, student advances to Tier 3 and CST

Tier 3 - Intensive intervention

- 1) Prepare for a Child Study Team (CST) meeting
 - a) Teacher completes CST referral form.
 - b) Document current interventions on CST meeting minutes form.
- 2) Convene CST
 - a) Develop specific goals and intervention strategies; address specific skills.
- 3) Implement interventions
 - a) Interventions occur at least 4-5 times per week at 30 minutes per session.
 - b) More frequent progress monitoring occurs.
 - c) Continue successful interventions and plan alternative interventions if necessary.
 - d) If objective data reflects sufficient growth, return to Tier 2.
 - e) If objective data reflects insufficient growth, reconvene CST to restrategize.
